Abdur Rahaman Sultany

FULL STACK DEVELOPER

ABOUT ME

Hello, I'm Abdur Rahaman Sultany! I'm an expert Full Stack Web Developer with 3+ years of experience in web application development. I work exclusively with the MERN Stack, NextJs, NodeJs, JavaScript, firebase, TailwindCSS, Bootstrap etc.

PROJECTS

PDF BOOK SELLING PLATFORM

SMERN Stack Proshnopotro is a PDF book-selling website. there are a lot of features like login, registration, Book uploading only for admin, by the book, book features, book module, how to read the book, what are gettings on the book, what is needed to read the book, a section fro writer,

E-LEARNING PLATFORM

SKILLZ ZONE SKILLZ ZONE is a Learning Platform. Developed with MERN Stack. the Ultimate online Learning platform experience. there are a lot of features. you can register, log in, Enroll, or Bookmark a Class, you have a Dashboard. there is some Dashboard 1 for Student. 2 for Instructor, and 3 for Admin, you can pay with Stripe. and more lot of features visit my site and explore more

SMAILL E-COMMERCE PLATFORM

ALIVE-BABY which is a robot toy marketplace. The website is built using React and vanilla CSS, without the use of any React or CSS frameworks or component libraries. The website utilizes the SweetAlert2 library for notifications when performing CRUD (Create, Read, Update, Delete) operations. and used the AOS package for fun, I'm able to create the animation without this package. I'm working on this site on my parse time.
SOCIAL MEDIA

ATG-post: The Ultimate Social Media Experience! Connect, share, and engage with ATG-post – the all-in-one platform combining Facebook, LinkedIn, Instagram, and Titter. Post media, interact with users, and discover new content. Join ATG-post now and unlock endless possibilities in one user-friendly platform.

HOBBIES & INTERESTS

While blockchain technology and artificial intelligence are my chosen hobbies. I find great joy and fulfillment in exploring the intricate world of computer science, and I am particularly fascinated by the potential of blockchain and artificial intelligence to revolutionize various industries.
